Joint Meeting of the 20th ISSTDR and 14th IUSTI

STI & AIDS World Congress 2013 July 14-17 Vienna
Threatening past-promise future.
Dear colleague,

We are pleased to invite you to the STI & AIDS World Congress 2013 in Vienna, which will be held as a joint meeting of the 20th Meeting of the International Society for Sexually Transmitted Diseases Research (ISSTDR), and the 14th World Congress of the International Union against Sexually Transmitted Infections (IUSTI).

The conference will take place from July 14 to 17, 2013, in Vienna’s most famous conference venue the Hofburg Congress Center (former winter palace of the Austrian emperor Franz Joseph I) located in the heart of the city.

During the conference, you will experience a scientific program of very high quality, reflecting the broad range of STI/HIV science and clinical practice. We are expecting the largest attendance of all ISSTDR/IUSTI joint conferences and a large number of abstracts on the current research work.

We believe that the historic ambience of the Hofburg Congress Center and the hospitable atmosphere of Vienna with its great variety of cultural offers as well as the scientific and social programme during the meeting will make your stay a memorable one.

We trust you will find the 20th ISSTDR Conference / 14th IUSTI World Congress both professionally and personally rewarding.

Join us for the STI & AIDS Congress Vienna 2013!

Angelika Stary
Chair of the STI & AIDS World Congress 2013 on behalf of the Local Organizing Committee

International Scientific Committee:
Chair: Thomas Quinn - Baltimore, Maryland, USA

Six comprehensive topical areas have been identified to address the evolving landscape of STI/HIV research, clinical care, prevention and public policy:

Basic Sciences Track
Myron Cohen
Jorgen Jensen
David Lewis
Sheila Lukenhart
Anna Wald

Clinical Sciences Track
Roy Chan
Jorma Paavonen
Keith Radcliffe
Jane Schwebke
Janet Wilson

Epidemiology and Prevention Sciences Track
Ward Cates
Patricia Garcia
Sharon Hillier
Jeanne Marrazzo
Nancy Padlan

International Society for STD Research (ISSTDR)
